

Certified Mainframe and Enterprise Technology Talent.

NMSDC CERTIFIED MBE | WBENC CERTIFIED WBE | MDOT CERTIFIED MBE/DBE/SBE

EXECUTIVE SUMMARY

Resourcesys, Inc. is a founder-led technology staffing company established in 1999 with a dedicated IBM Z and Mainframe Talent Practice backed by demonstrated placement work in a regulated payments-processing environment. We support enterprise, public-sector, and systems-integration programs with experienced professionals for contract, contract-to-hire, and teaming engagements — and we bring certified diverse-supplier status to every one of them. Resourcesys placed 20 senior mainframe professionals within a regulated payments-processing enterprise environment over six months in 2026.

CORE CAPABILITIES

Mainframe Talent

Recruiting for experienced professionals supporting COBOL, JCL, CICS, DB2, VSAM, batch processing, testing, and L2 production-support environments.

Modernization Talent

Recruiting for professionals supporting modernization initiatives involving Java, Spring Boot, APIs, integration, automation, testing, and related enterprise platforms.

Enterprise Technology Staffing

Recruiting across cloud, infrastructure, applications, data, cybersecurity, enterprise platforms, technical delivery, and production support.

Why Resourcesys

Mainframe specialization

Recruiting grounded in the platform, the responsibilities, the production environment, and the modernization roadmap — not keyword matching.

Founder-led access

Direct senior involvement whenever an engagement needs a decision, not a hand-off through account layers.

Experienced-talent focus

Candidates aligned on technical depth, assignment structure, and long-term fit, not just resume keyword overlap.

Certified, teaming-ready diverse supplier

NMSDC, WBENC, and MDOT certifications give primes a built-in path to meeting subcontracting and supplier-diversity goals on larger programs.

ENGAGEMENT MODELS

Contract Staffing

For specialized project, production, and program requirements.

Contract-to-Hire Staffing

When the organization and the professional need time to confirm the fit.

Direct & Tiered Teaming

Supporting larger delivery programs and prime supplier-diversity commitments.

Certifications

NMSDC MBE • WBENC WBE • MDOT MBE/DBE/SBE

Recognition

Inc. 5000 • USPAACC Fast 100
